APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. It is understood that the 0.04 c.f.s. herein granted is only a temporary allowance and the final water right obtained under this permit will be dependent upon the amount of water actually placed to a beneficial use. It must be understood that as a condition of this permit that no obstruction is to be placed in the creek that will not allow the passage of such amount of water sufficient to satisfy the existing rights below the point of diversion under this permit. The State retains the right to regulate the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.04 cubic feet per second.

Actual construction work shall begin on or before June 2, 1950

Proof of commencement of work shall be filed before July 2, 1950

Work must be prosecuted with reasonable diligence and be completed on or before June 2, 1951

Proof of completion of work shall be filed before July 2, 1951

Application of water to beneficial use shall be made on or before June 2, 1952

Proof of the application of water to beneficial use must be filed with State Engineer on or before July 2, 1952

WITNESS MY HAND AND SEAL this 14th day
